TERMS

INVOICE TR-1015 · PO 120460005835

These terms sit with invoice TR-1015, dated 15 October 2026, for specialist M&E building-controls work at Delta Hotels Peterborough and Delta Hotels Northampton. The work is guest-room energy-management controls, not general building.

1. **Parties.** Treun Roc Contracts Ltd (16649937) carried out the specialist M&E work. Copeland Climate Technologies Ltd (01741737) is the client and the only paying party. The Hotels controlled access to the rooms. They are not the payer.
2. **What this invoice covers.** Completed specialist mechanical and electrical installation of Verdant VX4 guest-room controls: 163 rooms at Delta Hotels Peterborough and 120 rooms at Delta Hotels Northampton. Thermostats, wall plates and associated control wiring, plus travel. No general building work. Operative accommodation is included in the room rate. Completed on 10 October 2026.
3. **What it does not cover.** Copeland's equipment, gateway hardware, licences and subscription charges. Making good beyond tidy-as-you-go cleaning, decoration, and any Hotel polish after handover, unless separately instructed and invoiced.
4. **The price.** Peterborough £19,560.00 net. Northampton £14,400.00 net. Combined net £33,960.00. VAT at 20% is £6,792.00. The amount payable is £40,752.00.
5. **Payment.** Terms are 45 days from completion on 10 October 2026. Payment of £40,752.00 is due on 24 November 2026. Pay the Treun Roc account on file, quoting invoice TR-1015 and purchase order 120460005835. There is no retention and no staged release of this sum.
6. **This invoice replaces two others.** It replaces the two electronic invoices dated 15 October 2026 under the same purchase order, one for Peterborough and one for Northampton. Those documents are withdrawn. Paying this invoice settles both sites. Paying either withdrawn invoice as well would be a double payment.
7. **Later instructions.** Work instructed after 10 October 2026 is not part of this invoice. It will be priced and invoiced separately, and it does not delay payment of this invoice.
8. **Title.** Title in any materials supplied by Treun Roc remains with Treun Roc until this invoice is paid. Copeland's own equipment remains Copeland's.
9. **Liability and law.** Treun Roc's total liability under this invoice, other than for death or personal injury caused by negligence or for fraud, is limited to the amount paid on it. Neither party is liable to the other for loss of profit or other indirect loss. These terms are governed by the law of England and Wales.
10. **Electronic issue.** This invoice is issued electronically. The terms on both pages form one document.
